Dear Rita

Thank you for your terrific Chinese translation of our website and the assistance of your superb interpreters at our office.

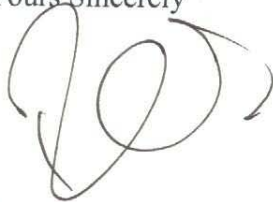

This was an important and complex task requiring a large number of specialist translators and localisers with immaculate linguistic and IT skills. Today Translations has delivered at all levels and successfully translated over 800,000 words in only 40 days.

Considering the sheer volume of the project and the tight deadline, we sincerely appreciated the consistent quality and speed with which you returned the translations to us.

Today our Chinese website <http://www.saatchi-gallery.co.uk/index.htm.cn> is enjoyed by millions of art enthusiasts all over the world.

I will most certainly be calling you the next time I'm in need of translation or interpreting services.

Yours Sincerely
